

Achieve greater efficiencies and alleviate administrative headaches throughout the entire mobile device lifecycle — from procurement to retirement — in a single platform.

Managing the various phases of the device lifecycle is a time-consuming and laborious process. vMOX has the experience and expertise to optimize your asset management from end to end. Our customizable, scalable solution for procurement and logistics enables you to equip your employees with little to no ongoing effort from your IT team. We use the perfect balance of technology, process and people so you see lightning fast deployments and returns, improved visibility, consistent quality and smooth processes that save time and money.

Ordering and Provisioning Management

Use a single platform to simplify ordering devices and accessories from all your providers.

- Advanced online shopping experience
- Order management and optimization for moves, adds, changes or disconnects (MACDs)
- Pre-defined catalog customizable by department, role and level with sophisticated approval processes that align with corporate policies
- Validation checks for order accuracy and quality
- Fully automated processes
- Shipper APIs for proactive portal updates
- Full range of device types supported
- Self-pay option that allows employees to purchase devices with personal funds

Forward and Reverse Logistics

Ensure employees receive their devices and accessories quickly and efficiently with automated end-to-end asset management.

- Pick, pack and ship
- Enhanced inventory visibility with stock alerts
- Staging and kitting
- Advanced repair and replacement
- Reverse logistics
 - Repurposing, reselling and recycling
 - Device cleaning, wiping and data destruction

PROCUREMENT AND LOGISTICS MANAGEMENT

Experience modern, zero-touch management that aligns with your business policies and delivers true value

In our industry, there is a lot of movement and with so many lines, your mobility program can be hard to manage, especially with such a small team, and costs can easily get out of hand. The vMOX solution really does the work for you and makes things simple with the easy-to-use interface. We are happy and have no reason to look elsewhere.
