

## Lean on vMOX experts for your program management needs. Stay informed, take control and boost productivity.

vMOX offers comprehensive program management and support for your assets, end users and providers. Serving as both a strategic and tactical extension of your team, we add specialized resources with years of mobility industry experience. We handle all the time-consuming activities on your behalf and we do it efficiently, leveraging technology, automation and integrations to complete tasks with the highest degree of speed and accuracy possible.

### End User Service Desk

Shift the burden of mobile end user support to our experts. From procurement and troubleshooting to MDM, MACDs, application support and more with one-call resolution.

### Professional Advisory Services

Secure competitive contracts and stay ahead of mobility demands and trends with complimentary guidance from trusted experts and industry benchmarking.

### Program Compliance and Policy Development

Ensure that your devices and employees always comply with corporate policies and guidelines with near real-time visibility and automated, customizable alerts and reports.

### Provider Management

Tap into our expert support and software-driven efficiency for managing your vendor or carrier relationships.

### Workflow Automation

Streamline routine manual business workflows, such as the onboarding and offboarding of employees and their devices, with automation to save time and costs.

# PROGRAM MANAGEMENT

Free up valuable resources and get mobility advice that's right for you

While our team was doing a good job of program maintenance, vMOX came in with rocket power. We have really benefited from their deep industry knowledge and strategic advice. They have been a second set of expert eyes that really complement our team.
